For the month ending January 31, 2008

Executive Summary

Kansas.gov is staying very busy and productive as we begin the new year. Some of the high points for January include:

- ~ Our new Director of Marketing, Shane Myers, started on January 15. Shane's first order of business is to begin the assessment of our applications and related adoption rates, and to get involved with the Kansas Business Center.
- ~ We have completed our office remodel and the new office space is very efficient and attractive.
- ~ We delivered 138,000 postcards to the Secretary of State's office to promote Annual Reports, and they are preparing to mail them in a staggered manner to businesses in Kansas.
- ~ Our first Content Management System (CMS) site went live in the month of January – Kansas Governmental Ethics Commission. Other agencies are starting to show interest, and we plan to aggressively market this service in early 2008.
- ~ The District Courts search tool has grown to 45 counties.
- ~ We are in the final stages of finishing the Taxpayer Transparency Act site, KanView, for deployment on March 1st.
- ~ Planning meetings for refreshing the Kansas Business Center continued with Erik Pedersen of Network Kansas. An overview of the new site framework will be presented to the KBC Steering Committee on Feb. 13, 2008.
